Garnacha 2020

Bodegas Rafael Cambra: One of the most enigmatic and innovative winemakers in Spain. Rafael has spent much of his life in the vineyards. His family owns one of the most prestigious nurseries in Spain, with clients like Vega Sicilia, Alvaro Palacios and many more. Rafael trained as a nurseryman but became intrigued with winemaking at a young age. Working under Jesus Madrazo at Contino for three years, he then studied and apprenticed in France. Returning to his native Valencia he continued to work for the family business while formulating his plans as a winemaker; finally setting out on his own after discovering a 40-year-old vineyard of Monastrell. His philosophy remains that quality wine is made in the vineyard by creating sustainable harmony with in it. *"Grapes are like a rough diamond, you have to shape it, polish it, but in no case modify it".*
