TOCA

Cava Brut Rose NV

Long Wines: Managing Director William Long comments, “Like all the wines in our range, we tasted thousands of cavas before creating the Toca range. We hate the earthy character you sometimes find in entry-level cava and the lack of pure fruit when made from press wines. Toca is made carefully from high quality estate grown fruit to offer crisp, clean flavors and a delicate mousse.”

Tasting notes: Vivid redcurrant color with violet highlights. Intense and lively aromas of strawberry, raspberry and rose petals. Notes of almonds, brioche bread and soft dried spices. Delicate bubbles and a refreshing acidity in the mid-palate. Served chilled as an aperitif or pair with salads, seafood, poultry or cheese boards.

D.O. Penedes: With the Pyrenees mountains in the north, the Bardenas Reales desert in the south, and the Bay of Biscayne (San Sebastian) one hour away, an interesting confluence of 3 climates is created; Atlantic, Continental and Mediterranean traveling north to south. This combined with a range of soils, altitude, sunshine and rainfall all packed into an area of 120 miles north to south and 60 miles east to west, allows for this small region to produce a variety of wine styles all from many different varieties. Very few wine regions can offer this level of quality in white, rose and dessert, under one viticultural area.
